Schindler and Christopher Deliso, Unholy Terror: Bosnia, al-Qaīda, and the Rise of Global Jihad and The Coming Balkan Caliphate: The Threat of Radical Islam to Europe and the West respectively, are really books about the Balkans more than about radical Islam; and it is the rights and wrongs of the Balkan conflicts, more than the threat posed by radical Islam, that ...</p>
<p>Unholy Terror: Bosnia, al-Qaīda, and the Rise of Global Jihad</p> <p>Al-Qaeda in Bosnia and Herzegovina is the al-Qaeda branch based in Bosnia and Herzegovina, formed during the Bosnian War in 1992. During the Bosnian War, the group contributed volunteers to the Bosnian mujahideen (called El MudZahid), a volunteer detachment of the Army of the Republic of Bosnia and Herzegovina.</p>
<p>Al-Qaeda in Bosnia and Herzegovina - Wikipedia</p> <p>The intriguing sixth chapter of Unholy Terror: Bosnia, Al-Qaīda, and the Rise of Global Jihad, ⓘNot so Secret Secrets,ⓘ dissects the role of the Clinton administration in allowing the Bosnian Muslims to be armed and manned by the Islamic internationale. Coming from a former NSA officer, this chapter is especially interesting and important, exposing as it does the wide divide between the ...</p>
<p>Unholy Terror: Bosnia, Al-Qaīda, and the Rise of Global ...</p> <p>The author's contention that Bosnia was a "major training ground" for al-Qaeda may be debatable; by his own sources the foreign jihadists contributed little on the battlefield. The book's importance is its focus on the tribalist nature of the Izetbegovic regime, no different in kind from its opponents. Its real strength was of course its opposition to the hated Serbs, and its canniness in ...</p>

<p>Although southern Poland and western Ukraine are not often thought of in terms of decisive battles in World War I, the impulses that precipitated the battle for Galicia in August 1914^[and the unprecedented carnage that resulted]effectively doomed the Austro-Hungarian Empire just six weeks into the war. In Fall of the Double Eagle, John R. Schindler explains how Austria-Hungary, despite military weakness and the foreseeable ill consequences, consciously chose war in that fateful summer of 1914. Through close examination of the Austro-Hungarian military, especially its elite general staff, Schindler shows how even a war that Vienna would likely lose appeared preferable to the ⓘfoul peace[ⓘ] the senior generals loathed. After Serbia outgunned the polyglot empire in a humiliating defeat, and the offensive into Russian Poland ended in the massacre of more than four hundred thousand Austro-Hungarians in just three weeks, the empire never recovered. While Austria-Hungary's ultimate defeat and dissolution were postponed until the autumn of 1918, the late summer of 1914 on the plains and hills of Galicia sealed its fate.</p>
<p>This new book by Lyubov Mincheva and Ted Gurr examines the political economy of transborder violence on the European Periphery that poses grave threats to domestic and international security in Europe and elsewhere. The units of analysis are unholy alliances, i.e. hybrid transborder militant and criminal networks, which have been active in the 1990s and the first decade of the 2000s. The concept of Unholy Alliances is extended to also include the trans-state criminal syndicates that arise in failed and dysfunctional states, or operate within the global illicit economy. It also addresses the question of what reigns supreme in securing the militants' long term success: money; or social endowment, including strong identity networks</p>
<p>Ever since the Soviet invasion of Afghanistan in 1979, fighters from abroad have journeyed in ever-greater numbers to conflict zones in the Muslim world to defend Islam from-in their view-infidels and apostates. The phenomenon recently reached its apogee in Syria, where the foreign fighter population quickly became larger and more diverse than in any previous conflict. In Road Warriors, Daniel Byman provides a sweeping history of the jihadist foreign fighter movement. He begins by chronicling the movement's birth in Afghanistan, its growing pains in Bosnia and Chechnya, and its emergence as a major source of terrorism in the West in the 1990s, culminating in the 9/11 attacks. Since that bloody day, the foreign fighter movement has seen major ups and downs. It rode high after the 2003 US invasion of Iraq, when the ultra-violent Al Qaeda in Iraq (AQI) attracted thousands of foreign fighters. AQI overreached, however, and suffered a crushing defeat. Demonstrating the resilience of the movement, however, AQI reemerged anew during the Syrian civil war as the Islamic State, attracting tens of thousands of fighters from around the world and spawning the bloody 2015 attacks in Paris among hundreds of other strikes. Although casualty rates are usually high, the survivors of Afghanistan, Syria, and other fields of jihad often became skilled professional warriors, going from one war to the next. Still others returned to their home countries, some to peaceful retirement but a deadly few to conduct terrorist attacks. Over time, both the United States and Europe have learned to adapt. Before 9/11, volunteers went to and fro to Afghanistan and other hotspots with little interference. Today, the United States and its allies have developed a global program to identify, arrest, and kill foreign fighters. Much remains to be done, however-jihadist ideas and networks are by now deeply embedded, even as groups such as Al Qaeda and the Islamic State rise and fall. And as Byman makes abundantly clear, the problem is not likely to go away any time soon.</p>
<p>The first full account of the role the Bosnian conflict--and American policy--played in the transformation of al-Qulīda from a local terror into a global threat.</p>

<p>"In Blue Helmets and Black Markets, Peter Andreas traces the interaction between these formal front-stage and informal backstage activities, arguing that this created and sustained a criminalized war economy and prolonged the conflict in a manner that served various interests on all sides. Although the vast majority of Sarajevans struggled for daily survival and lived in a state of terror, the siege was highly rewarding for some key local and international players. This situation also left a powerful legacy for postwar reconstruction: new elites emerged via war profiteering and an illicit economy flourished partly based on the smuggling networks built up during wartime." "Andreas shows how and why the internationalization of the siege changed the repertoires of siege-craft and siege defenses and altered the strategic calculations of both the besiegers and the besieged. The Sarajevo experience dramatically illustrates that just as changes in weapons technologies transformed siege warfare through the ages, so too has the arrival of CNN, NGOs, satellite phones, UN peacekeepers, and aid convoys. Drawing on interviews, reportage, diaries, memoirs, and other sources, Andreas documents the business of survival in wartime Sarajevo and the limits, contradictions, and unintended consequences of international intervention."--BOOK JACKET.</p>

This book examines the challenges foreign fighter returnees from Syria and Iraq pose to Western countries. A number of returnees have demonstrated that they are willing to use violence against their home countries, and some have already staged terrorist attacks on Western soil on apparent orders from ISIS. Through the historical context of previous waves of mobilizations of Islamist foreign fighters, the author tracks the experiences of returnees from previous conflicts and discusses the major security challenges associated with them. The book analyzes the major approaches implemented by Western countries in response to foreign fighter returnees, discusses the prosecution of returnees, and evaluates the corresponding challenges of prison radicalization.

No contemporary figure is more demonized than the Islamist foreign fighter who wages jihad around the world. Spreading violence, disregarding national borders, and rejecting secular norms, so-called jihadists seem opposed to universalism itself. In a radical departure from conventional wisdom on the topic, The Universal Enemy argues that transnational jihadists are engaged in their own form of universalism: these fighters struggle to realize an Islamist vision directed at all of humanity, transcending racial and cultural difference. Anthropologist and attorney Darryl Li reconceptualizes jihad as armed transnational solidarity under conditions of American empire, revisiting a pivotal moment after the Cold War when ethnic cleansing in the Balkans dominated global headlines. Muslim volunteers came from distant lands to fight in Bosnia-Herzegovina alongside their co-religionists, offering themselves as an alternative to the US-led international community. Li highlights the parallels and overlaps between transnational jihads and other universalisms such as the War on Terror, United Nations peacekeeping, and socialist Non-Alignment. Developed from more than a decade of research with former fighters in a half-dozen countries, The Universal Enemy explores the relationship between jihad and American empire to shed critical light on both.

This book analyses the process of the recruitment of foreign fighters from the Western Balkans, specifically Bosnia and Herzegovina and Kosovo, to Syria and Iraq from 2012 to 2015. Utilizing in-depth, semi-structured interviews with foreign fighters and their families, as well as a number of relevant stakeholders it answers the question of what were the processes and circumstances leading up to the departure of foreign fighters from Bosnia and Herzegovina and Kosovo and what informed their agency? The author draws on the theories of social movement approaches, more specifically, contentious politics literature and utilizes the specific concepts of triggering mechanisms, which refer to the enabling circumstances that make the radicalization and departure possible, and pleasure in agency, to elaborate on individual motivation. The book also shows how a wider state- fragility within the context of the post-Yugoslav wars and the transitional period that never ended, aided radicalization and how an incomplete process of post-war transition can fuel the process of political and religious radicalization creating a wider enabling web for recruitment. It will be of interest to students and scholars of Southeast European politics and foreign policy, post-war democratic transition, security policy and radicalization more broadly.

According to the Gospel of John, Jesus Christ celebrated the Festival of Hanukkah (John 10:22). Hanukkah celebrates the heroic exploits of Judas Maccabeus and his battle for religious freedom. These events occurred during the four-hundred silent years between the Old and New Testaments. The Seleucid Greeks that ruled over the Jewish people made observing Judaism a capital offense and ordered all copies of the Bible to be collected and burned. In the year 167 Before Christ, Judas Maccabaeus led the Jewish people into battle to preserve the Holy Bible and to establish religious liberty. Judas was called Maccabeus which means "the Hammer" in Aramaic. Centuries later, in the year 732 A.D, Charles Martel, known as "Charles the Hammer," fought to defend the religious liberties of the Christians and Jews in Europe when an army of Islamic terrorists threatened to eradicate Christianity in France. In The Hammer of God learn about the history of the battle for religious freedom, a battle that continues today. Reverend Stephen Andrew Missick is the author The Words of Jesus in the Original Aramaic: Discovering the Semitic Roots of Christianity and Christ the Man. He is an ordained minister of the gospel. He graduated from Sam Houston State University and Southwestern Baptist Theological Seminary. Rev. Missick has traveled extensively throughout the Middle East and has lived among the Coptic Christians in Egypt and Aramaic Christians in Syria. He served as a soldier in Operation Iraqi Freedom in 2003 and 2004 and as a chaplain in the Army National Guard in Baghdad in 2009 and 2010. While serving as a soldier in Iraq he learned Aramaic from native Aramaic-speaking Assyrian Christians. Rev. Missick is the writer and illustrator of the comic book series The Hammer of God which dramatizes the story of Judah Maccabeus and Charles Martel.
